

Alfie's Story

Alfie has thrived at Waverley Fusion Camps, arriving each day with a smile and enthusiasm for every activity. His time with Active Fusion has brought him joy and equipped him with skills and confidence that will last beyond the camp.

Alfie has been a joy to have at our Fusion Camps, embracing every opportunity and building essential skills along the way. We look forward to seeing him again at our future camps.

Remi Luke, Programme Development Manager

Alfie, aged 8, returned to our Balby Fusion Camp during February, excited to experience all the new activities on offer, having previously attended and thoroughly enjoyed the camp. When Alfie isn't at camp, he typically gets about an hour of exercise each day, spending time with his family and hanging out with friends.

Outdoor Fun and Skill Development

Alfie's highlight at Fusion Camp was being outdoors in the fresh air, participating in a variety of activities, with dodgeball and football standing out as his favourites. During his time at camp, he developed a range of valuable skills, such as showing respect for equipment, the environment, and those around him, with the intention of applying these lessons outside of camp. He also focused on improving his sports skills, including basketball, hockey, and rugby, which will not only help him in school PE but also support his growth and success in these sports.

Alfie looks forward to attending Fusion Camp every day, excited for the chance to play sports and reconnect with familiar coaches from previous camps. He also enjoys seeing old friends he met during the Summer camps, making each day even more enjoyable.

Alfie's Growth and Enjoyment at Fusion Camp

Alfie has a special fondness for the coaches, saying, "The coaches are really good, kind, and always helpful if someone is struggling or hurt." He spent a lot of time with Coach Grace, where he learned new sports and skills, like hula hooping. Our coaches prioritise helping children discover new sports, develop new skills, and cultivate a love for sport, encouraging a well-rounded passion for physical activity.

Confidence and Leadership

Alfie is already excited for his next opportunity to return to Fusion Camp, eager to play sports with his friends and catch up with the coaches. When he first arrived at camp, he was a little quiet but happy to be there and see everyone. As the camp progressed, he grew more confident in each activity and, by the end, had become a key figure within the group. Always willing to assist the coaches with equipment, Alfie also started supporting others during games and activities, showing great leadership and teamwork.

Alfie's Progress and Enjoyment at Fusion Camps

It's been wonderful to see Alfie's progression during his time at Fusion Camps and how he has fully embraced every opportunity to make the most of his experience. The primary aim this camp was to engage young people with a variety of fun activities, teaching the fundamental skills and components of different sports. Alfie has not only met these goals but exceeded them, making new friends along the way and eagerly looking forward to reconnecting with them at the next camp.

I have had a really great time on camps, played loads of sports. I really enjoyed the dodgeball games and competition we did with Coach Dan and Coach Grace, I have had lots of fun this week.
