

# Euan's Story

**Euan couldn't wait to get back to camp, catching up with old friends and making new ones along the way. It's his happy place, where he's always on the go, diving into every activity with a big grin and unstoppable energy.**

"I wake up with excitement every morning, eager to find out what's in store for the day ahead, alongside meeting new friends along the way."

**Euan, aged 9**

Nine-year-old Euan was thrilled to return to Fusion Camp at Conisbrough during May half-term. Having attended several camps in the area before, he was eager to reconnect with old friends, meet new ones, and dive back into the fun-filled days that our camps offer. For Euan, Fusion Camps are more than just a way to stay busy during the holidays, they're a chance to stay connected with classmates he might not otherwise see outside of school.

## **Euan's Morning Buzz**

A naturally energetic and active child, Euan loves having the freedom to move, play, and explore. Our wide range of activities, whether revisiting favourites from previous camps or trying something completely new, gives him the perfect outlet for his enthusiasm.

Euan also shared that he doesn't own an Xbox or PlayStation, which means his screen time is limited. For him, camp is the ideal alternative, a place filled with adventure, creativity and social connection. It's where he gets to truly be himself, staying active and having fun all day long.

Each morning, Euan wakes up full of excitement, eager to discover what activities await and which familiar faces he'll see returning to camp that day. He says, "I'm full of energy during my time at camp and beaming with happiness." For Euan, Fusion Camp is more than just a place to have fun. It's a vibrant, supportive environment where children can truly thrive, express themselves freely, and simply enjoy being who they are.

## Champions Behind the Scenes

One of the reasons Euan continues to return to camp is the sense of comfort and belonging he feels as soon as he arrives. He speaks highly of the coaches, describing how they create a positive, respectful atmosphere where everyone feels safe and included.

“The coaches handle behaviour really well and make sure everyone is kind and involved,” Euan explains. It’s this supportive environment that helps children like Euan step out of their comfort zones, try new activities, and grow in confidence. Whether it’s discovering a new sport or simply learning to work as part of a team, every day at camp offers a new opportunity to grow and have fun. With the summer holidays on the horizon, Euan is already counting down the days until he can return. He’s excited to reconnect with the coaches who’ve made such an impact on him and is just as enthusiastic about meeting new friends and making more unforgettable memories.

## From Strength to Strength

The coaching team has witnessed first-hand the incredible progress Euan has made during his time at camp. Having attended multiple sessions over the years, Euan’s journey has been one of noticeable transformation, both socially and physically. “When Euan first joined us, he was quiet and a little reserved,” the coaches recall. “But with each camp, we’ve seen him come out of his shell. Now, he’s confident, asks questions, and throws himself into every activity without hesitation.” In addition to his growing confidence and social development, Euan has also made impressive strides in his physical abilities. With a willingness to try new things and push himself, he’s discovered new passions and embraced every challenge with enthusiasm.

**The coaches provide constant support and encouragement throughout my time at camp.**
